

# Sell your content for charity!

**Do you want to help your favorite charity? Now you can use your online popularity. Sell a piece of your content for charity with Oronjo.com.**

## **About Oronjo**

Oronjo offers a 100% free service anyone can use to sell their music, thesis, novel, photos or movies, all from their own webpage. Oronjo even has a unique service to sell articles on a weblog.

## **The principle**

You can support a charity by asking a fixed fee, such as \$0.30 for a weblog article. Or set the price at zero, and let your visitors decide how much they value your content or the charity.

## **The money**

Since Oronjo offers a free service, all revenue goes to charity. Only the fees for Google Checkout or PayPal are subtracted, because they take care of the actual payment.
